May 2018 News

As the weather changes from cold winter days into warm and sometimes raining days, we embark a new journey for our school. We've recently acquired small caterpillars and our children will be able to witness the wonderful cycle of a butterfly. Which takes roughly all month long, once all our classrooms butterflies grow, we will be able to release them into the wild.

We are also excited about our Mother's Day celebration on Friday, May 11th. We welcome all of the mother or parent figure in our children's life to come by and have a small celebration with us in our school.

Also as a reminder, we will be closed Monday, May 28th for Memorial Day.
