

STARS MONTESSORI ACADEMY

January 2019

Happy New Year! We hope everyone had a restful and joyful holiday break. Here's for a wonderful start of the new year and creating new memories. We'd like to welcome all our new families, thank you for choosing to start your child's education with us.

December was filled with so many fun activities, thank you parents for taking time out of your busy schedule and joining us. We had a blast at our Winter Holiday show, congratulations to the winning families in our cooking decorating competition. We hope you'll share your gingerbread house pictures with us. Remember to follow our social media platforms for pictures, event details and other information.

Our curriculum themes for the month of January are winter animals and hibernation. Each classroom will engage in age-appropriate activities to explore the winter season and the animals that live in the cold climates. They will learn how certain animals survive by scavenging for food while others hibernate all winter long. Remember to check the curriculum for specific share day topics

Also, please check the monthly snack calendar for you child's assigned day to bring in healthy snacks for their class. As always, please feel free to bring any books or materials that could enhance our themes.

As for our enrichment program, we will continue the topics and themes by focusing on a specific arctic topic each week. The children will make art pieces, cook healthy recipes, and learn arctic animals and other words in Spanish. They will also continue their learning path on ABC mouse focusing on winter animals and climate change around the planet.
