

# Stars Montessori Academy Parent Newsletter 2019

Hello Parents, spring is in the air! With last month bringing in lots of needed rain, we can't wait to see what types of plants start sprouting up around the school.

Our children will start the month by learning about Dr. Seuss' books and artwork. As part of the celebration, we will be having a Dr. Seuss Spirit week, see below or our blackboard to see how your child can participate.

This month we will be studying and learning about the African continent, culture, music and traditions. We are very lucky to have a teacher who was born and raised in Africa, who could enlighten us on the culture. The children will also be able to learn about different African instruments, cuisine, words, and art work through our enrichment programs.
